INSTRUCTIONS FOR AUTHORS

The Journal FARMACIA publishes original papers in English. The following fields are covered: pharmaceutical and medicinal chemistry, biochemistry, biopharmacy, pharmacology, clinical and experimental pharmacology, pharmacological technology, experimental and clinical pharmacology, pharmaco-therapy, history of pharmacy, pharmacy education, pharmacy, but not the results of research, the manuscript submission data.

The manuscript should be written in English on any essential aspect of a problem that has been published previously and is submitted exclusively to the FARMACIA journal. Authors may not submit the same manuscript simultaneously to another journal. The publisher reserves the right to reject manuscripts that are not submitted exclusively to the FARMACIA journal.

The manuscript should be submitted in duplicate in printed form, along with the electronic version (the electronic version can be sent to the e-mail address: stf@farmacia.ro). Manuscripts will be written in 12 point Times New Roman, double-spaced, with line numbering. The manuscript should be submitted as a single word-processing file, using a 2-column format, margin on one side only; usually not more than 10 pages. Do not insert page numbers or any other text in the header or footer. No handmade correction on the manuscript is accepted.

Thereceived articles will not be returned to the authors.

The paper should be structured as follows:

Title. The title should be specific and representative and must be drawn up in both Romanian and English. The full name of the author, his full name, his name, first name, and period of activity is required.

Abstract. The abstract will be written in Romanian and English. The paper should be structured in the following format: Introduction, Background, A brief presentation of the methodological tools, and finally the results obtained. The introduction should contain the background information. The methodological tools include the presentation of the results. This section should be a coherent, brief, descriptive title. Number of tables and figures. The manuscript should be written in Times New Roman, 12 point, double-spaced, with line numbering. The manuscript should be written in English. The manuscript should be submitted as a single word-processing file, using a 2-column format, margin on one side only; usually not more than 10 pages. Do not insert page numbers or any other text in the header or footer. No handmade correction on the manuscript is accepted.

Manuscripts that are not submitted exclusively to the FARMACIA journal, the editorial team cannot be accepted.

Manuscripts cannot be submitted to more than two journals.

The manuscripts of this journal are subject to a peer review. The review process is conducted by the editorial board, which consists of experts in the field of pharmacy and related sciences.

The FARMACIA journal is indexed in various databases, such as Scopus and Web of Science, which increases the visibility and impact of the published research.
