EUFEPS Annual Meeting 2019

Dear Colleagues,

After a fruitful Annual Meeting this year, EUFEPS is proud and happy to announce the 2019 Annual Meeting to be held in Frankfurt, Germany, between March 6 - 8, 2019, in collaboration with the Conference Co-Chairs Prof. Erem Bilensoy, Prof Stefan Laufer and Prof. Jochen Maas supported by the University of Frankfurt and the German Pharmaceutical Society. The programme will include parallel tracks organized by EUFEPS Networks.

The aim of the Annual meeting is to bring together people from all over the world who are involved in pharmaceutical sciences in order to exchange results, experiences, and information and to build communication and collaboration at regional and global scales. The main target of the Annual Meeting 2019 is to create a pharmaceutical sciences platform between the university, industry and regulatory scientists in order to give a chance to discuss the main topics of this symposium in a friendly mood in an attractive environment of Frankfurt.

This meeting will be focused on the theme “Personalized Medicines, Targeted Therapies and Precision Drug Delivery”. The main track of the meeting will continue throughout the scientific programme on March 6 to 8 covering basic and applied sciences on drug targets and drug formulation.

As the concept of future medicines involves an extensive systems approach for both development and for pre-clinical and clinical evaluation, parallel tracks will be organized by networks and EUFEPS member institutions and societies to discuss different aspects.

In total, at the Annual meeting will be held 6 prominent plenary lecturers, several invited session/short course speakers and short oral presentations selected among the abstracts. EJPS Best Paper Award, Best Poster Award, EUFEPS WIPS Women in Pharmaceutical Sciences Award and EUFEPS Presidential Distinction Award will be presented during the awards ceremony at the end of this conference.

We hope to bring together scientists from academia, industry and regulatory authority around the future of medicines and the role of pharmaceutical scientists.
Hope to meet you in Frankfurt on March 6-8, 2019.

Best regards,
Prof. Dr. Erem Bilensoy
EUFEPS President

Prof. Dieter Steinhilber
Conference Chair

THE ROMANIAN PHARMACEUTICAL CONFERENCE

11th Edition

MAIN THEME: Medication *vs.* drug - pharmaco - therapeutic needs *vs.* economic necessities

SECONDARY THEME: Current Issues (Original *vs.* Generic)

15 - 17 November 2018, Bucharest, Romania

The 11th Edition of the Romanian Pharmaceutical Conference will be organized under the aegis of the Romanian Pharmacists Association, the Romanian Medical Association and the Romanian Society of Pharmaceutical Sciences.

The event will take place at Crystal Palace Ballroom in Bucharest and aims to enhance the information dissemination based on new communication channels in programmes dedicated to the prevention of diseases as an essential approach to reduce the cost of illness.

The conference programme will be structured on several topics as follows:

- State of the art treatments in different pathologies
- New pharmaceutical dosage forms
- Drug combinations
- Original *versus* Generic
- Drug interactions
- Current regulations on prescription drugs
- Counterfeit drugs - a public health problem

The scientific papers will be presented in dedicated workshops and symposia and presented as lectures, oral presentations or posters.
