**84th FIP World Congress of Pharmacy and Pharmaceutical Sciences, 2026
30 August – 2 September 2026, Montréal, Canada
Palais des Congrès de Montréal**

The global pharmaceutical community is invited to attend the 84th FIP World Congress of Pharmacy and Pharmaceutical Sciences, to be held from 30 August to 2 September 2026 in Montréal. The event is organized under the aegis of International Pharmaceutical Federation (FIP) and will gather pharmacists, pharmaceutical scientists, educators and allied health professionals from around the world.

Congress theme:

“One Health, One Pharmacy – Bridging science, practice and education.” This theme underscores the essential role of pharmacy in advancing integrated, equitable, and sustainable healthcare delivery, by connecting scientific research, professional practice and education.

Core Focus Areas:

- *Integrated Health / One Health approach* — exploring pharmacy’s contribution to human, environmental and global health through responsible pharmaceutical care, public health initiatives, sustainable supply chains, and antimicrobial resistance prevention.
- *Innovating with Purpose* — fostering innovation in pharmaceutical sciences and practice, including new medicines, precision therapy, novel care models, and educational strategies to enhance patient safety and care quality.
- *Collaborating for Equity* — promoting global health equity by strengthening access to essential medicines, supporting inclusive pharmacy services, and building partnerships to reduce disparities in care and workforce distribution.

Scientific Programme & Participation:

Participants may contribute through oral or poster presentations. The congress welcomes submissions in various domains, including community, hospital, industrial, military/emergency pharmacy; pharmaceutical sciences; regulatory and quality assurance; personalized medicine; pharmacy-practice research; and more.

Important Deadlines:

- Registration opens: 7 January 2026
- Abstract submission deadline: 18 March 2026
- Early registration fee deadline: 3 June 2026

Support for Early-Career Professionals:

The event includes opportunities for early-career pharmacists and scientists: scholarships and travel grants are available via the FIP Foundation and various FIP Sections (Academic Pharmacy, Community Pharmacy, Health & Medicines Information, etc.), covering registration, travel and accommodation for eligible applicants.

Venue & Logistics:

The congress will take place at the Palais des Congrès de Montréal — a modern convention centre located centrally, offering excellent infrastructure for conferences and accessible transportation links.

Call to Action:

FIP invites pharmacists, pharmaceutical scientists, educators, students, policy-makers and other stakeholders in healthcare to register, submit abstracts, or participate as delegates. Attending the Congress offers a unique opportunity to shape the future of pharmacy worldwide — through knowledge exchange, collaboration, and contributions toward equitable, sustainable global healthcare.

For full programme details, registration, abstract submission and grant applications, please visit the official FIP 2026 Congress website.
